## EDUCATION

Course	College / University	Year	CGPA / %
B. Tech (Mechanical Engineering)	Gudlavalleru Engineering College	2024	7.70
Class XII	Tirumala Junior Kalasala	2020	9.11
Class X	S.P.H.H.M High School	2018	9.5

## PROFILE SUMMARY

A Java Full Stack Developer with over 1 year of experience in building scalable, user-friendly web applications. Proficient in **HTML, CSS, JavaScript, TypeScript, React, Angular, Java, Spring Boot**, and **SQL**. Experienced in designing responsive user interfaces, developing RESTful APIs, and building secure, efficient backend systems. Strong in problem-solving, team collaboration, and a commitment to continuous learning to deliver high-quality solutions.

## EXPERIENCE

### • Java Full Stack Developer

#### Krishnamurthy Software Solution | [September 2024] – Present

- Working as a Full Stack Developer, contributing to both front-end and back-end development for multiple web applications.
- Designed and implemented user-friendly, responsive UI using **HTML, CSS, Bootstrap, JavaScript, TypeScript**, and **Angular**.
- Developed and maintained RESTful APIs and server-side functionalities using **Java, Spring Framework**, and **SQL**.
- Built scalable, secure, and efficient backend systems integrated with relational databases.
- Collaborated with cross-functional teams to deliver two major projects:
  - Gatnix Timesheet** – an AI-powered time tracking platform designed to optimize productivity and streamline work hours management.
  - Pioneer Coders** – an interview platform featuring job creation, interview scheduling, AI-generated transcripts, quizzes, and real-time one-on-one interviews.
- Actively participated in the end-to-end software development lifecycle (SDLC), from requirement analysis to deployment and post-release support.
- Used **GitHub** for version control, **IntelliJ IDEA** for backend development, and **PostgreSQL** for database management.

**Technologies/Tools:** Java, Spring Framework, Angular, SQL, PostgreSQL, HTML, CSS, Bootstrap, JavaScript, TypeScript, Visual Studio Code, IntelliJ IDEA, GitHub, Postman

### • Java Full Stack Intern

#### Autoliv India Pvt. Ltd | [February 2024 – August-2024]

- Worked as a Project Intern (GTSC Engineering) focusing on full stack development tasks.
- Contributed to frontend and backend development, API integrations, and database management.
- Gained practical experience in technologies like HTML, CSS, JavaScript, React, Angular, Java, Spring boot.
- Ensured timely project deliveries with good conduct and effective teamwork.
- Successfully completed a 6-month internship, demonstrating technical growth and adaptability.

**Technologies/Tools:** Java, Spring Framework, Angular, SQL, PostgreSQL, HTML, CSS, Bootstrap, JavaScript, TypeScript, Visual Studio Code, IntelliJ IDEA, GitHub, Postman

## PROJECTS

### • Gatnix Timesheet – AI-Powered Time Tracking Platform

- Developed a full-stack web application for seamless employee time tracking, project management, and payroll integration.
- Implemented real-time timesheet logging, approval workflows, and customizable reporting modules to enhance user experience.
- Designed and enhanced user interfaces with a focus on responsive design and user-friendly experience, ensuring easy navigation and interaction.
- Built responsive and accessible UI components using **HTML, CSS, Bootstrap, JavaScript, TypeScript, and Angular**.
- Developed and maintained backend services using **Java, Spring Framework, and SQL**, ensuring scalable, secure, and efficient data handling.
- Ensured robust authentication and role-based access control to safeguard sensitive data and maintain data integrity.
- Collaborated with cross-functional teams to improve platform performance and add AI-based features for predictive timesheet management.

**Technologies:** HTML, CSS, Bootstrap, JavaScript, TypeScript, Angular, Java, Spring Framework, SQL.

**Tools:** Visual Studio Code, IntelliJ IDEA, PostgreSQL, GitHub, Postman.

### • Pioneer Coders – Interview Platform

- Developed a full-stack web application that enables job creation, scheduling, and conducting one-on-one face-to-face interviews between students and interview managers.
- Implemented features like AI-based interview transcripts, real-time quiz assessments, and personalized interview scheduling modules
- Designed and enhanced user interfaces with a strong focus on user experience (UX), ensuring a seamless and intuitive workflow.
- Built responsive and accessible UI components using **HTML, CSS, Bootstrap, JavaScript, TypeScript, and Angular**.
- Developed and maintained backend services using **Java, Spring Framework, and SQL**, ensuring scalable, secure, and efficient data handling.
- Collaborated with cross-functional teams to integrate AI-driven features for transcript generation and interview analytics.
- Integrated Razor pays for seamless payments, including order confirmation emails with detailed receipts and transaction summaries.

**Technologies:** HTML, CSS, Bootstrap, JavaScript, TypeScript, Angular, Java, Spring Framework, SQL.

**Tools:** Visual Studio Code, IntelliJ IDEA, PostgreSQL, GitHub, Postman.

## CERTIFICATIONS AND ACHIEVEMENTS

### • Front-End Development – Simplilearn

Completed certification in Front-End Development with a focus on building responsive, interactive web applications using HTML, CSS, and JavaScript.

## TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, TypeScript
- **Databases:** MySQL,
- **Web Technologies:** HTML, CSS
- **Web Frameworks:** Angular, React, Bootstrap
- **Tools:** Git, GitHub, Postman, Visual Studio Code, IntelliJ IDEA.
